The Founder

The founder of The Neeraj Ganga Group of Hotels, Dr R.K Gupta was born on April 2, 1960, in Rishikesh, Uttarakhand (India), in the holy city and world capital of 'Yoga' nestled in the Himalayan region. He is an excellent orator who always speaks from the heart and with a brilliant intellect. He has established himself as a trailblazer in the hospitality industry, with the primary purpose of providing exceptional service to his guests. He has greatly expanded himself through his hard work in the sphere of tourism, as well as in a myriad of other domains. His goal, in contrast to his career in hospitality, is to do his best for humanity. He is not only a doctor and a businessman, but he is also an active social worker, constantly educating and uplifting the backward society. He is always willing to assist, invite, and even celebrate festivals with the "Eunuch (Kinnar) Community." He provides excellent care to senior adults at their care centres and makes donations. Besides them, he has a long list of accomplishments that, if we were to list them all, we would need to write a book. In a true sense, the entire region benefits from his deeds.

His thirst for knowledge propelled him from humble beginnings to become the founder of one of the most prominent PG Dental colleges in Rishikesh. The goal of establishing the dental college in Uttarakhand was to provide students from Uttarakhand and other states with value-based, high-quality dental education. In fact, "Seema Dental College & Hospital" is the country's only dental college associated with AIIMS for improved research and clinical training which is remarkable. Dr Gupta met with the Former President of India, Honorable Bharat Ratna Dr APJ Abdul Kalam, to discuss his future plans. At his request, Dr Kalam paid a visit to Seema Dental College and Hospital as the Chief Guest at the MDS Convocation's First Ceremony, where he gave a heartfelt address that inspired the entire SDCH family.

He has made several notable social achievements, such as initiating "The holy Ganga Conservation Campaign" (ifo=k xaxk laj{k.k vfHk;ku) in Uttarakhand, where 20,000 cloth bags were provided in Rishikesh to replace polythene bags in order to protect the Ganga from pollution. He distributed 200 huge dustbins (all around the city), generators to the Government Post Graduate College, an inverter for the ICU, and a cool drinking water cooler to the Government Hospital Rishikesh for the cleanliness and modernization of the city. He was put in charge of renovating and maintaining Rishikesh's crematory grounds. Furthermore, he manages a Women's Welfare Program that distributes sewing machines to low-income women and arranges weddings for impoverished girls. As part of his corporate social responsibility, he is actively assisting leprosy victims in every way imaginable, including financially, physically, and emotionally. He partnered with Swami Shivananda Ashram in Rishikesh, where he supports all 72 Leprosy patients by distributing food, blankets, utensils, medicines, and other supplies to the Leprosy Colony on a regular basis. He is also supporting 300 people in Rishikesh currently who are impoverished.

Dr Gupta strives to give back to society since he firmly believes in supporting people. All he wants to accomplish with his life is to bring a smile to everyone's face and do his best for humankind.

Yoga and Meditation

Meditation brings wisdom; lack of meditation leaves ignorance. Know well what leads you forward and what holds you back, and choose the path that leads to wisdom.

-Buddha

Rishikesh is renowned as Tapo Bhumi, which translates as "God's Place for Yoga and Meditation."

Yoga is derived from the Sanskrit word "Yuj," which implies "to unite." Most people believe that yoga is a set of activities with twisted body postures, however, this is not the case. Yoga's main goal is to assist people in connecting with their inner soul, which is tied to the universal soul or God. Yoga promotes self-illumination by bringing the body and mind into equilibrium.

For thousands of years, the World Capital of Yoga has been one of India's holiest and most spiritual centres, with people coming from all over the world to take Yoga and meditation courses and become certified Yoga Teachers. Rishikesh is a magical city set beneath the majestic Himalayas on the turquoise banks of the holy Ganges River. Rishikesh, a pearl of entry into the deep Himalayas and a doorway for people desiring to dig deep into their spiritual life, is filled with temples and surrounded by verdant jungles, secret waterfalls, and immaculate nature which makes this city a perfect place for yoga practices.

The sage Rishi Raibhya is said to have sat on the banks of the Ganges and conducted great penance in the form of austerity and intense yoga practises, giving the place its name.

Now you tell us, is there any place better than our town for delving deep into spirituality?

When you join our retreat, we make absolutely sure you get exactly what you want. So, reserve a seat for the retreat and join us on our journey to harmony.
